Subject: Fw: Next sampling event at Arkwood
Date: 01/30/2012 03:21 PM

Hi Jim,

I sent this e-mail out to you last week and I wanted to check with you on your next sampling event at Arkwood.

Please let me know when you plan on sampling again, so we can plan to meet you at the site.

Thanks.

Subject: Next sampling event at Arkwood

Hi Jim,

The paperwork has finally come through at EPA, so I wanted to check with you on when you plan to sample next, so we can collect a split sample. EPA thought that the next round was scheduled for the week of February 13th.

Please let us know your schedule and we can have some one meet you at the site.

I hope all is well.

Thanks.
